Architectural Fittings

Logan City Qld  
Phone: 07 3806 0670  
Fax: 07 3806 0680  
sales@tubeandrail.com.au

**Fittings Available:**

This catalogue of fittings shows most fittings in polished brass. They are however available in the following options:

- \* Polished brass
- \* Clear powder coated polished brass (only suitable for some applications)
- \* Mirror finished chrome plated
- \* Satin chrome on finished brass (this finish looks like satin stainless steel)

**Tube Available:**  
Tube to go with these fittings is available in the following:

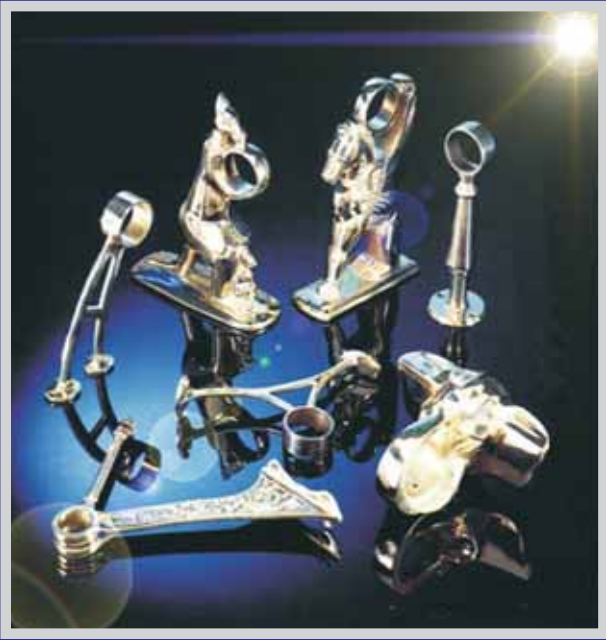

- \* Polished brass
- \* Clear powder coated polished brass (only suitable for some applications)
- \* Mirror finished marine grade stainless steel
- \* Satin finished stainless steel

\* Diameter sizes are indicated in table supplied with each illustration.

*Delivering  
Excellence in Metals to Its Customers*

# TUBELOK GLASS RACKS

There are many options that this commercial glass rack comes in, e.g.

## Finishes:

Solid brass with a lacquered finish

Mirror finished chrome plating over the brass.

Satin finished chrome plating

<b>Sizes:</b>	909.250	2 x rows to a depth of 250mm in raw polished brass
	909.250A	as above with lacquered finish
	909.250CH	as above with mirror chrome finish
	909.250CH-Satin	as above with satin chrome finish
	909.350A	5 x rows to a depth of 350mm x 700mm wide with clear lacquered finish
	909.350CH	5 x rows to a depth of 350mm x 700mm wide with mirror chrome finish
	909.350CH-Satin	5 x rows to a depth of 350mm x 700mm wide with satin chrome finish
	909.410A	5 x rows to a depth of 410mm x 700mm wide with clear lacquered finish
	909.410CH	5 x rows to a depth of 410mm x 700mm wide with mirror chrome finish
	909.410CH-Satin	5 x rows to a depth of 410mm x 700mm wide with satin chrome finish
	909.550A	5 x rows to a depth of 550mm x 700mm wide with clear lacquered finish
	909.550CH	5 x rows to a depth of 550mm x 700mm wide with mirror chrome finish
	909.550CH-Satin	5 x rows to a depth of 550mm x 700mm wide with satin chrome finish

## Other Options:

The Rods are also available without the cross rails for us in such instances as attaching to the underside of tube.

These are available in the following options:

909.350	1 x pair of rods in polished brass 350mm long
909.410	1 x pair of rods in polished brass 410mm long
909.550	1 x pair of rods in polished brass 550mm long
909S	1 x pair of mounting strips available separately, 700mm long

These are then available in the finishes mentioned above.

“A domestic range of glass racks for general use is available, please refer to the “Glass Racks” section of our website”
